Port Washington, NY 11050

RE: WBRL(AM)
Berlin, NH
BR-901130XE

Dear Sir or Madam:

Your above-referenced application for license renewal has been pending before this office since 1990. We have been unable to complete the processing of this application because you have not supplied us with the following necessary information:

RF Information: A response to Question 7 of the renewal application which adequately demonstrates that the station will pose no significant environmental impact from RF radiation to the public and to the station's workers. See enclosures.

We have attempted on several occasions to inform you of this matter and of the specific information that is required to complete processing of the application. To date, we have no record that you have filed the appropriate corrective amendments.

Pursuant of Section 308(b) of the Communications Act of 1934, as amended (47 U.S.C. Section 308(b)), you are required to submit the necessary information by October 16, 1992. Failure to amend the application by that date will subject your license renewal application to dismissal for failure to prosecute or result in other legal action which may also have the effect of terminating your licensed authority to operate and result in the deletion of the station's call letters.

If it is your intention to forfeit the station's license, correspondence communicating this fact, accompanied by the station's license, should be provided at this time.

The required information should be submitted in duplicate and addressed to:

Federal Communications Commission
Audio Services Division
1919 M Street, N.W.
ATTN: Lakisiha Young -- Room 302
Washington, D.C. 20554

If you have any questions concerning this matter, you may contact Lakisiha Young or Claudia Patterson at (202) 632-6485.

Sincerely,

A handwritten signature in cursive script that reads "Stuart B. Bedell". The signature is written in dark ink and is positioned above the printed name and title.

Stuart B. Bedell
Asst. Chief, Audio Services Division
